

The Ohio State Jural Assembly
Unofficial planning session for Elyria 6/12/24 6pm meeting
Guest Speaker Dave Roberts
Minutes for Tuesday, June 4, 2024
7:00 p.m.

As documented by *Emergency Scribe*, Cristina.

Dave Roberts speaks on the Lorain County Board of Health Septic Inspection Fee issue. He states that Sandy Miarecki at R USA has indicated their support of packing the BoH meeting with “our” people while R USA surrounds the perimeter of property with their unregulated armed militia members. Dave references “John” Bushman (Tom) who is a former Springfield, Oh CoS member, now “R USA Ohio Governor of the true republic.” Dave states that he has arranged for two additional Continental Marshals to attend this upcoming meeting of public officials in Elyria, Ohio as (armed) back up for him to make his demands and remove the public officials from their offices or they will be criminally charged under military regulations with Treason. Dave states he has instructed the Lorain County Committee of Safety members to “Pounce Upon These Public Officials” with the documents backing up his threats. He then calls for members of OSJA to autograph these documents he will be presenting.

Ann Vandersteel will be live streaming this activity on her channel.

Concerns are voiced about the tenor of Dave’s presentation, that the Assembly will be on the hook if there are accusations of non-peaceful intent where armed ‘investigators’ might start kicking down doors... Dave dismisses these concerns because “R USA – the true government – is 100% behind “us” and “all these government agents are corrupt anyway.”

Discussion continues as Ross, Cristina and Michael all emphasize the OSJA mission of peacefully assembling and petitioning for redress of grievances. Dave responds that he doesn’t want to do it that way, he wants no warning to be given, he wants the public officials to panic and call in the sheriff so they run up against the militia that will be armed, guarding the building to prevent entry of anyone while “the Committee of Safety is Pouncing On The BoH.” (9:00 minute mark)

Dave states his intention that this BoH meeting is intended to be a Wild Fire that spreads across America, causing all of our phones to blow up with the excitement.” (10 minute mark).
