Ross states our mission – to assemble as equal voiced sovereigns, peacefully seeking to learn, to eliminate controversies, and to restore honor for mankind, in keeping with the unalienable rights as outlined and protected by the First Amendment of the Constitution;

The Ohio State Jural Assembly is a never-for-profit, private membership association. Reminder a) expenses directly related to conducting the business of the Assembly NEED to be reported, whether the member is seeking reimbursement or not. As we grow, the transparency of this process may come into question if we are expecting (for example) donated spaces to accommodate drastically larger groups or weekend events, such as that which the North Carolina Assembly is already periodically hosting. [It IS reasonable to anticipate that Ohio will have the same, if not greater, interest in the near future as we continue to achieve publicized successes].

b) any monies voluntarily offered to help reimburse for these necessary Jural Assembly expenses, or any other OSJA expenses (gathering space rental, annual recurring Zoom, etc.) should be forwarded directly to the person who made the purchase on behalf of OSJA, and subsequently reported to **treasury** in detail via email addressed to **keithmauger740@gmail.com with “OSJA TREASURER”** in the subject line.

Chair Reports

Education – Michael. No changes to report at this time.

Public Affairs – Cristina. Recommendations this week on matters of concern to Ohioans:

a) Still haven’t heard back from Michigan’s communications secretary on getting actual language included in the documents listed on <https://michigandejure.org/m/state-settlement/michigan-timeline-2018> which appear to be hyperlinked but are not. Research did reveal “The 10 Step Process” from The Michigan Model which Ohio is almost entirely compliant with, just a couple more simple notifications to various entities are required to be at the same level of credibility attributed to Michigan. As contacts and exact addresses are located, the documents (as outlined here: <https://ohio.juralassembly.org/establishment/>) will be presented for acceptance by the general assembly;

b) Charley – additional currently un-utilized features of website (He was unable to attend.

c) Suggested projects that other communities have achieved levels of success in (listed below) were intended to be “thought provoking” and not intended to be directives. Cristina asks assembly members to chime in on what is most important in their communities:

- Kat emphasizes ridding our environment of glyphosate (all pesticides) and other industrial toxins.
- Michael supports this and adds fluoride in the water, radio frequency manipulation, cell tower (5G) microwaves which are all intertwined and harming the health of mankind, our food sources, land/air/water.
- Keith agrees with Michael’s summation, ordering vaccines/chemtrails/cell tower microwave frequencies all at number one on his list of toxic activities that need to stop. (Cell (5G) towers being the only one Keith perceives as a local matter.)
- Ross points out that Idaho has just enacted legislation protecting healthcare workers from being involved in activities they feel are harmful to the health of the man/woman (employee).
- Cristina re-iterates Kim’s initial concern that local Chambers of Commerce are being privatized, for profit, taking the responsibility of serving the needs and desires of the population out of the hands of the elected and

placing it into for-profit corporations. This happened in the late 1990's in Lancaster, leading to the situation we fought against last summer/fall.

These matters should each be summarized for inclusion in County Bilateral Social Compacts as well as individual actions undertaken at both state and county level.

Discussion is had about website traffic, how to manage and track interest, how/where to focus attention to gather possible interested parties, "etc.". Further conversation is had about educational links on the website; the assembly votes affirmatively to allow sharing of the most recent link emailed out by The Sovereign's Way introductory Free course.

See Recording.
