In Re: BWC File 01733387

To whom it may concern:

It is my sincere desire to eliminate this controversy and peacefully return all men and women involved in this situation to honor. In lawful response to your threats and allegations (see attached correspondence dated 09/23/25), I hereby state and affirm the following:

According to Ohio Revised Code §4123.01 (copy attached) sections (A)(1)(a) inclusive, (A)(1)(b), (c) inclusive, **Norton Deli LLC DBA JJ's Norton Café** (hereinafter referred to as 'the Café') does not have "employees". The Café is not an independent contractor nor subcontractor, nor does it participate in contracts with individuals;

(A)(1)(d) inclusive, The Café does not operate vehicles nor vessels, nor does it contract with anyone to do so on its behalf for purposes related to daily activities including shipping or acting as 'carrier';

Ohio Revised Code §4123.01 (A)(2) specifically designates exceptions to the definition of your term "Employee". None of these, including ministry, family farm, individual incorporated, nonprofit, apply to The Café.

ORC §4123.01 (A)(2)(e) references waivers or affidavits specified in ORC §4123.15; none of these conditions apply to The Café.

No individual associated with The Café is involved in disaster work.

No individual associated with The Café has engaged in employment contract, nor has elected to be covered, under any color of law, by Workers' Compensation Bureau services.

Any prior exchange between myself, Jennifer Jackson, and any agent of the Workers' Compensation Bureau was engaged in under extreme duress. Previous temporary outcomes were due to lack of full disclosure on the part of the BWC, which constitutes fraud on the part of your agency. That you incorporate in the attached letter of 09/23/2025, Dave Yost's Attorney General's Office (a State Agency) and 'local prosecutor' (presumably Summit County Prosecutor, Elliot Kolkovich, in your fraud, does clearly seat you in an attempted RICO act.

Further threats from the BWC of legal action, audits, 'and or penalties' including but not limited to injunctions and jail time are premediated purposeful harassment of myself or the individuals associated with me or The Café in any way shall be considered a clearly premediated malicious intent to harm and trespass upon my constitutionally protected rights to pursue happiness, and to be secure in my person, my property, and my papers.

Should this communication not fully conclude your malicious harassment and attempts to kidnap and rob me, I do require remedy in the amount of \$50,000 per incident and \$1 per each minute I am forced to continue to educate anyone associated with BWC on your obligations under the ORC.

Your written acknowledgement of the termination of this and all future fabricated pursuits against The Café or myself is anticipated within the next ten business days (October 17, 2025).

Sincerely,

/s/
