

notice

to r joseph ebel: a man or a homoborg genesis; who sometimes acts as county health commissioner:

in a letter to Dick Stein, dated October 5, 2021, you wrote:

“Employers should be able to do what is best for the health and safety their employees and customers, including requiring vaccinations to protect their workforce, reduce the impact of disease on their ability to provide goods and services, and to protect vulnerable customers and clients.”

i: keith alan mauger: a man; do ask:

given the massive and growing current information regarding harm both from direct injection and from horizontal transmission, has your perspective changed since autumn of 2021? if so, are you available to detail your new position? if not, then what shall distinguish this attitude from egregious ill intention toward man and woman of this county?

your lack of response to previous notices of debt constitutes lawful agreement by silence; therefore, without lawful

response from you at this eleventh hour, lien upon property shall be the next step; i, do intend to use all remedy received to build local holistic detoxification and wellness centers on fairfield county, for the use of the many who have been harmed in the same manner as i;

you may contact me at: 395 blue valley road southwest, lancaster, ohio; 740 215 2473; keithmauger740@gmail.com; i, do allow a fortnight for your reply.
