

*Cristina Delia*

*Northfield, Ohio 44067-1914*

December 30, 2025

**Regarding: Grand Jury Evidence/Testimony Review** of the claim of the man, keith alan mauger, against the decision-making (wo)man responsible for vaccinations on Fairfield County, Ohio, especially, any/all mRNA injectable/inhalant/genetic modification by any and all methods into any body, food, liquid, soil, air, or otherwise, against mankind;

It is after most thoughtful consideration that i, the woman, cristina marni delia, in my capacity as an equal-voiced sovereign jurist member of the lawfully seated Ohio State Jural Assembly Grand Jury, do hereby agree, affirm and find in support of the claim of trespass harms against mankind done by those (wo)man outlined in communications beginning January 28, 2025 to date.

Having received no rebuttal, offer of relief nor remedy, nor cessation of the grave practices leading to harm to the health and wellbeing of mankind on Fairfield County from the following: Joseph Ebel, Steve Davis, Don McDaniel, Stephanie Hall, Alex Lape, Bruce Vanderhoff, Brandon Meyers, Austin Lines, nor any agent or agency under their control,

i, do recommend the issuance of a presentment against each (wo)man listed for trespass harms in the remedy amount(s) previously designated by the bringer of the claim, the man, keith alan mauger;

Affiant further sayeth naught.

i, state the foregoing to the best of my understanding and capacities, and i, eagerly seek the opportunity to testify in open court before a competent magistrate and jury of peers to same.
