

explanatory statement

to the man or woman who sometimes acts as public
servant:

affirmation of non-citizen state national standing and reservation
of all rights:

i, keith allen mauger: a man; do state: i, do affirm my lawful right to
the standing of non-citizen united states national; i, do affirm that i, a
living man, am born on the land of ohio and do hold the standing of
ohioan;

i, am neither a "US citizen" nor a "US person," nor any other corporate
or legal fiction, nor indeed any nomenclature or title which diminishes
my standing from that of a man who is born on the land of ohio;

i, do reserve all rights at all times and places, and under all
circumstances;

i, do not consent to being identified as or under a social security number;
said number was assigned to my strawman or persona, all capitols,
KEITH ALLEN MAUGER, when i, was but a child; had i, known that it
would be used as an identifier, and as an integral part of the manufacture
and fiction of the strawman, a dead or corporate entity, i: a man; would
have refused it, at least upon reaching the age of consent; i, do now
object to and find unlawful, any requirement of social security number

as a condition for obtaining a passport, as i: a man; have a name and cannot be and do not consent to being identified by any number;

please update any and all records to reflect and protect my true standing;

however, though i, do not consent to this either, i, am certain that you have access to records which show this number, and therefore i, here reveal no information which you do not already have save perhaps, that i, do prove that i, am familiar with this number; and because i, am aware of the usual procedures for issuance of passports; i, do, under duress, and without giving consent to be identified under it;

i, do wish to obtain a passport which reflects the standing: non-citizen united states national.

thank you,

keith allen mauger
