In Re: Notice of Requirement of Court

Mr. Mauger,

On Friday January 30, 2026, the Jackson County Clerk of Court office received a document entitled "notice of requirement of court". A review of the document has been made, determining that the document is a request for procedures of the Civil Division of the Court of Common Pleas. A filing of this type would require a filing deposit of \$300 or an Affidavit of Indigence to determine if fees could be waived.

If you wish to file this document as a pleading, please resubmit with the filing fee or the affidavit of filing fees.

Also, please feel free to use our website at [www.jcclerk.com](http://www.jcclerk.com) to review our local rules of court to ensure filing requirements are being met.

Best Regards,

Seth I Michael  
Jackson County Clerk of Court
