greetings to the man: richard e berens; who at times acts as fairfield county magistrate:

i: a man: keith alan mauger; write you today regarding your lack of response to the notice of requirement for court;

this notice is a reminder of the claim of i, sent to you and many others of the harm done to i, and to many man and woman on the land of fairfield county, january 2025;

no action has been taken and this debt still remains unanswered after 566 days, as more harm by shedding, horizontal transmission, from the vaccinated still continues;

many attempts have been made by i, to seek remedy for this harm and gain a court of record;

i, do ask: after 566 days and much disclosure of pertinent information, is there any change in how you as a man will handle this claim of i?

i, do ask: after 566 days have you done any research into the causes and effects of shedding/horizontal transmission?

i, do here offer the definition of willfull blindness: the deliberate failure to make a reasonable inquiry into wrongdoing despite suspicion or awareness of its high probability, which the law treats as equivalent to actual knowledge of the wrongdoing;

i, do ask: do you know of anyone else who describes harm due to horizontal transmission?

i, do;

i, do ask again: do 18 usc 2071 and 2076 apply to your lack of action in this regard?

i, do say: this claim is taken into federal action;

i, do require a lawful court;

i, do ask: by what thought process have you repeatedly chosen statutory code over rule of law?

i. do ask: how do you; as a man, intend to stay in honor after so much has been published about the intent and effects of the covid shots; many on fairfield county and other counties of ohio are aware while further harm is created because no lawful court will verify this claim of i;

i, await your response, with a date for i, to press the peaceful claim of trespass.
