re: adverse actions against i, the man, and private property designated as parcel 4102552, alt id NF00166A7001000, located at or near the rural route 'street address' known as 152 sagamore road

greetings to man and woman who do sometimes act as member of board of revision:

i: joseph edward senk: a man; do notify you that ongoing taxation without representation on ownership of land is unlawful under common law, and against common ethics and common sense, and do cause hardship and therefore harm to i, and to those in the care of i;

do you, the members of the board of revision, reclassify certain land as "agricultural" or "residential," in order to consider it commercial, and thus taxable? i, do wonder what authority you may reference to establish any classification?

i, do state: the land which you call parcel 4102552, alt id NF00166A7001000, located at or near the rural route 'street address' known as 152 sagamore road, is **private** property, and no commercial or industrial activity do occur there;

your notices are addressed **from** an all-caps fictitious character with a title **to** an all-caps fictitious character; it describes no lawful debt between woman or man and man;

is there a man or woman involved with this attempt to collect funds who claims that i: a man; do owe a debt? if so, please identify said man or woman, so that i, may address him or her directly; if such a man or woman exists, and the claim can be verified through production of original wet-ink autographed contract between man and (wo)man, then i, shall offer remedy to him or her;

i, wish to request an itemized list of services provided or explain what the man or woman believes has caused this alleged debt; i, recall no contract under which such a claim might be made;

please note that actions taken using your name do appear to be attempts at extortion or theft of property; is such your intention?

the verification of a claim which is in controversy would require the presentation of convincing evidence, namely, the original wet-ink autographed contract between i, the man, and you, a woman to support such claim of lawful contract where i do request services to the benefit of i and you agree to and do prove you have provide such beneficial service(s), before a common law jury of man and woman who are peers of i; such jury would, under common law, be forbidden from harming man or woman while examining factual evidence and executing due process of law;

are you prepared to provide such facts and evidence to said jury?

i, do ask: is the term “real property,” in association with “real estate tax” a fabricated term, used in attempt to gain leverage over, and thereby control of, the property of i? do you claim that some leasehold interest is involved, or that it is a corporate domicile? if not, please explain your lawful intent;

i, a man, do demand, as is my protected right under the confrontation clause of the sixth amendment of the constitution of the united states of America, open presentation of such evidence, admissible under common law, along with competent witnesses, to verify the various assumptions which you have made regarding this private property of i in order to create the illusion of a taxable condition or event;

please respond in detail to all above; or, please instruct your agent to cease and desist what looks like extortion, theft, or other harm; i, do and shall consider lack of appropriate written response within 28 calendar as admission that there is indeed no verifiable claim against i or the private property of i;

i, do inform you that i, do claim state national standing, without taking that title; i, claim full right to own private property; i, claim all rights;

i, accept no title, label, classification, such as us citizen, resident, nor am i, a registered voter; i, am most definitely not represented by the trustees of northfield village nor summit county, with whom you appear to be in collusion to misclassify property belonging to i;

and, i, have already asked your agent for an itemized list of services which may have incurred the alleged debt; and since no response was forthcoming, i, do assume that no such list is available, and therefore that no such debt exists;

indeed, under law, and with respect to previous notices sent by and to your agent, i, do believe that you do owe a debt to i, based upon having sent the documents and taking harmful actions against i; all implying that i, owe debt at all, which i, do view as harassment; i, do reserve the right to include the woman, kristen scalise, as well as all individuals of the board of revision in this debt, should harassment continue;

if you wish to rebut, which you must do if you contend with any remarks herein or in prior communications of i in this matter, do so in writing to i, the man, within 28 calendar days, with specificity, citing lawful reason, and with wet signature of the man or woman who will stand on a claim that there is an outstanding debt; failure to specifically rebut is construed under law as your agreement; until such time, let this notice and oath sworn statement stand as fact in evidence.

i, do seek peaceful remedy; it is you who bear the consequences of any wrongdoing, not i;

thank you in advance for your honorable choice to terminate your harmful actions, eliminate this controversy and return us both to honor.
